**Processes and methodologies**

Agile   Kanban   Scrum

## ABOUT

I come from Reykjavík, Iceland and am the oldest of 5 brothers. In 2006 I moved to Denmark to study. I now live near Aalborg, Denmark with my girlfriend and son. In my off-time I like to cook, take photos and go for walks.

I've been facinated by computers since age 8 and spend much of my free time, learning more about them.

## LANGUAGES

Icelandic (native)
English (fluent)
Danish (fluent)

Co-organizer & Speaker Aalborg React Meetup
Co-organizer & Speaker Aalborg Hackathon

## CONTACT

martin.dammrath@gmail.com

## EXPERIENCE

**Head of IT**   2020 - Present
Berghaus & Cie. - Fine Wine Brokers
Leading a team, building the next generation of Point-Of-Sale systems.

React   React Native   Docker   Postgres   TypeScript

**Web Developer**   2020 - 2020
Ambient Innovation: GmbH

Helped to create a teaching platform for a large publisher. Pitched and developed an image-scaling microservice.

React   TypeScript   Docker   Firebase   Go   Microservices   React Native
Serverless   Postgres

**IT Consultant & Data Scientist**   2017 - 2019
DataSpark GmbH & Co. KG

Pitched, developed and delivered a new user-focused app. Moved our infrastructure from a single server to full redundancy in Google Cloud. Ran in-house development, trained new employees, managed our infrastructure, coordinated with freelancers and did full-stack software development.

React   React Native   PHP   Go   JavaScript   MySQL   Kubernetes
Docker   Linux
